

A Little Of You

Eurythmics

There used to be a time
I wore my heart upon my sleeve
There used to be a time
I'd show my gentle side to anyone
Through these years of wandering
I know I've been deceived
Through these years of wandering
And every time you try to hurt me
You know you'll only hurt yourself
And every time you try to hurt me
I know you'll be the one to suffer
When you think you're hurting someone

A little of you, a little of me
A little of you is hurting someone
A little of you, a little of me
A little of you is hurting someone
A little of you, a little of me
A little of you is hurting someone
A little of you, a little of me
A little of you

Don't tell me I'm the only one 'cause I don't need that space
Don't ask for love, I'll throw it back in your face
All of these promises were only made to break
All of these promises

And every time you try to hurt me
You know you'll only hurt yourself
And every time you try to hurt me
I know you'll be the one to suffer
When you think you're hurting someone
A little of you, a little of me
A little of you is hurting someone
A little of you, a little of me
A little of you is hurting someone
A little of you, a little of me
A little of you is hurting someone
A little of you, a little of me
A little of you
A little of you, a little of me

A little of you is hurting someone
A little of you, a little of me
A little of you is hurting someone
A little of you, a little of me
A little of you is hurting someone
A little of you, a little of me
A little of you is hurting some one
A little of you a little of me
A little of you is hurting someone
