

He Cheated (Mono Version)

Del Shannon

I can see,
It won't be long,
You'll be back,
In his arms again,I know what,
He's telling you,
But he'll never love you,
The way I do,Remember,
Remember how he cheated,
He lied to you,
You know,
You know what he'll do to you,He'll tempt you with his smile,
He'll just use you for a while,
Don't you understand,
He'll hurt you all over again,'cause he cheated,
And he lied to you,
You know,
You know what he'll do to you,He's hurt you so many times before,
But you keep going back for more,
We've been through this so many times,
And it's driving me,
Driving me out of my mind,'cause he cheated,
And he lied to you,
You know,
You know what he'll do to you,
Won't you ever learn?
How many times you gotta be burned?
I love you,
I love you,
He'll never be true,
I love you,
I love you,
He cheated on you,
I love you,
I love you,
He'll never be true,
I love you,
I love you,
He cheated on you,
