

# Jingle Bells Cast Your Spells

[Karina Skye](#)

Jingle bells  
Cast your spells  
Make the whole world gay  
Oh how fun it is to fly on a broomstick with the fay  
Jingle bells  
Cast your spells  
Make the whole world gay  
Oh how fun it is to fly on a broomstick with the fay  
Flying through the snow  
On a broomstick with the fay  
With our wands we go  
Casting all the way  
The spells out loud we sing  
To make our spirits bright  
What fun it is to fly and make the whole world smile tonight  
Oh!  
Jingle bells  
Cast your spells  
Make the whole world gay  
Oh how fun it is to fly on a broomstick with the fay  
Jingle bells  
Cast your spells  
Make the whole world gay  
Oh how fun it is to fly on a broomstick with the fay  
One day or two ago  
I thought I'd work this night  
And soon miss Fairy Bright  
Was flying by my side  
The world was sad and down  
Misfortune all around  
We mix love and compassion dust and spread it all over town  
Oh!  
Jingle bells  
Cast your spells  
Make the whole world gay  
Oh how fun it is to fly on a broomstick with the fay  
Jingle bells  
Cast your spells  
Make the whole world gay

Oh how fun it is to fly on a broomstick with the fay  
Now the world is bright  
Everyone old and young  
Boys and girls tonight  
Will sing this spell in song  
Just get a child's smile  
Mix in a sunny day  
Stirring for a while  
Put your love in all the way  
Oh!  
Jingle bells  
Cast your spells  
Make the whole world gay  
Oh how fun it is to fly on a broomstick with the fay  
Jingle bells  
Cast your spells  
Make the whole world gay  
Oh how fun it is to fly on a broomstick with the fay
