

French Vacation

The Walkmen

I've left my friend
Of drinking in on time
But he never showed up
But he speaks french he's fine
And I'm..

Where did you go;
Where did you go
I should have known
I should have known
Hey I'm glad you've finally caught up
Just go get a lounge;
Been drank on my own
Hey where'd you go?

Hey where'd you go?
I remember when all our plans were to meet at home
Where'd you go?
Where'd you go?
