

Priest of the Unholy

Yngwie Malmsteen

Born out of fire
evil rising
We must pay the price
and sacrifice
No grand illusion
this demon dance
Eternally black
no turning back
Veil of mystery
and this masquerade
Lay your weapons down
surrender now or die
Die!
Priest of the unholy, yeah
Burning with vengeance
Burning forever
No mercy to give
No time to live
The final curtain
Comes down at last
Repent all your sins
All your sins
Veil of mystery
and this masquerade
Lay your weapons down
surrender now or die
Die!
Priest of the unholy, yeah
Priest of the unholy, yeahInto the darkness
Your soul must fall
Your gamble has failed
Gamble has failed
Mountains of madness
There will be no mercy
We must pay the price
And sacrifice
Veil of mystery
and this masquerade
Lay your weapons down

surrender now or die

Die!
