

# Show Me Where It Hurts

Jeremy Jordan

All the nights can be so cold  
And the heart breaks so easy baby  
I know he made you cry  
But I got love for you All the pain inside, I can make it right  
Believe me it's true if you want me to  
Just open your heart, baby that's a start  
For me and for you, if you're ready to Show me where it hurts, I can make it better  
Love will be the cure, you and I together  
All I wanna do is bring you pleasure  
Show me where it hurts, I can make it better tonight I still believe in love  
And that love have chance to prove it  
I can see it in your eyes  
That you wanna believe too So don't be scared at the dark  
Open up your heart  
I know I can make thing go away  
And I'll be there with tender loving care  
Hey, oh, ooh Show me where it hurts, I can make it better  
Love will be the cure, you and I together,  
All I wanna do is bring you pleasure  
Show me where it hurts, I can make it better tonight, baby Show me where it hurts, I can make it better  
Love will be the cure, you and I together  
All I wanna do is bring you pleasure  
Show me where it hurts, I can make it better, baby Show me where it hurts, I can make it better  
Who you gonna like it's a [Incomprehensible]  
All I wanna do is bring you pleasure  
Show me where it hurts, atleast I'll make it better tonight So don't think twice, oh you can't deny  
This love is a love that was meant to be  
Yesterday is gone, we both belong together Baby just, show me where it hurts, I can make it better  
Love will be the cure, you and I together  
All I wanna do is bring you pleasure  
Show me where it hurts, I can make it better, baby Show me where it hurts, I can make it better  
I know you gonna like, it's a [Incomprehensible]  
All I wanna do is bring you pleasure  
Show me where it hurts, atleast I make it better tonight Show me where it hurts, I can make it better  
Love will be be the cure
