

Liquid Spirit - Claptone Remix

Gregory Porter

Unreroute the rivers
Let the damned water beat
There's some people down the way that's thirsty
Let the liquid spirit free
The folk are thirsty
'Cause the man's unnatural hand
Watch what happened when the people catch wind
When the water hit the bank of that heart dry landClap your hands now
You didn't clap your hands now
Clap your hands now
You didn't clap your hands nowGet ready for the wave
It might strike like the final flood
The people hadn't drink for so long
The water won't even make mud
After it comes
It might come with a steady flow
But the roots of the three
Down by the river
If you clap when your spirit's lowClap your hands now
You didn't clap your hands now
Clap your hands now
Clap your hands nowGet down and take a drink and feel your water tank
Get down and take a drink and feel your water tankUnreroute the rivers
Let the damned water beat
There's some people down the way that's thirsty
Let the liquid spirit free
The folk are thirsty
'Cause the man's unnatural hand
Watch what happened when the people catch wind
When the water hit the bank of that heart dry landClap your hands now
Clap your hands now
You didn't clap your hands now
Clap your hands nowGet down and take a drink and feel your water tank
Get down and take a drink and feel your water tankLiquid spirit
Liquid spirit
Liquid spirit
Liquid spiritClap your hands now
Liquid spirit.
