

Can't Wait

Avant

The party is over and youre still here
And Im wondering why baby can you make it clear?
'Cause your acting like you wanna spend the night
And the way I'm feeling girl I just mightLet you stay with me
And if you act right I might
Let you lay with me
'Cause I, 'cause I've been watching you
Watching me half of the night
If you thinking what Im thinking
Then you know its timeI cant wait till we're all alone. cant wait till we get it on
I cant wait 'cause its been too long, can wait
Girl its getting late 'cause I had enough
Oh baby, I know that I just can't wait no more 'cause girl I'm going crazyBaby, I cant wait no more
I wanna give your body what it's waiting for
I know I got to have you right now
Right now, right now, baby 'cause, I just cant waitI got a throwback and some boxers you can wear
Or you can do like me and sleep in nothing I dont care
I'll do what ever it takes to make it comfortable
The way you look is so incredible I need toLet you stay with me
And if you act right I might
Let you lay with me
'Cause I, 'cause I've been watching you
Watching me half of the night
If youre thinking what Im thinking
Then you know its timeI cant wait till we're all alone, cant wait till we get it on
I cant wait 'cause its been too long, can wait
Girl its getting late 'cause I had enough
Oh baby, I know that I just can't wait no more 'cause' girl I'm going crazyBaby, I cant wait no more
I wanna give your body what it's waiting for
I know I got to have you right now
Right now, baby right now baby, 'cause I just cant waitGirl you got me breaking plans that I need too keep, I do
Gotta an early day tomorrow
So I need to be asleep, be asleep
But I dont mind 'cause being with you is like I'm being a dreamI cant wait till we're all alone, cant wait till, we
get it on
I cant wait 'cause its been too long, can wait
Girl its getting late 'cause I had enough
Oh baby, I know that I just can't wait no more 'cause girl I'm going crazyBaby, I cant wait no more
I wanna give your body what it's waiting for

I know I got to have you right now
Right now, right now, right now baby, 'cause I just cant wait
And Im not gon waitBaby 'cause I just can't wait
Baby 'cause I just can't wait
Baby 'cause I just can't wait
