Undecided

Useless ID

Hanging on the display like your'e doing ok.
What made you change today?
Are you sure you will be?
Choose one out of the three.
I'm taking all the rest.It's the way you behave when you're digging the grave to find a memory.
You'de be lucky to say it's a beautiful day
When you just glued to everyone.Now you're not alone, you're undecided.
I don't want to know if you're going to hide it.Looking closer to find just a way to get by.
What made you change your mind?
She was hateful to you,
She was better than you,
No need to undermine.Take a look in your eye, clear the focus and take me as a photograph.
Dirty games in the dark.
How can we fall apart
When you just glued to everyone.Now you're not alone, you're undecided.
I don't want to know if you're going to hide it.I don't need your love.It's not the make up.
It's not the clothes you wear.
You Better wake up before it pulls you in.
I don't need your love.When you just glued to everyone.
When you just glued to everyone.
When you just glued to everyone.
I knew the fight has just begun.Now you're not alone, you're undecided.
I don't want to know if you're going to hide it.
Now you're not alone, you're undecided. (You're undecided)
I don't want to know if you're going to hide it. (You're undecided)
