

# Wish It Were Me

## The Platters

Saw you dancing last night with someone  
Wish it were me, wish it were me  
Dancing with you, wish it were trueSaw you holding your arms around him  
Wish it were me, wish it were me  
Clinging to you, wish it were trueDon't say it's hopeless  
Won't you learn to tell  
How I'd like to touch you  
With my prayerYes, I pray that my prayers  
Will touch you, touch you for true  
So you'd love me too
