Saturns Pattern

Paul Weller

Got up in a mind to get up
Fixed on the day
Shook any fears I had
Washed them away
And what better way to wake
Than hearing their voice
Get up in a mind to get up
Daddy there's more
You gotta clear the decks
Its saturn's peak
The pattern's dense
The world's oblique
Change it all
Its saturn's turn
Cut it clean
The pattern's good
What better way to start
Than hearing the call
Get up in a mind to get up
It's ours to explore
You gotta clear the decks
Let saturn peak
The pattern's dense
The world's obscene
Change it all
The planet's old
Cut it right
The cloth is bold
