# Temple From The Within

## Killswitch Engage

Make me feel serenity when all is revealed
So easy to look back in life
And the question all I want
Must seek the strength to push forwardI want to see what's so beautiful inside
As we drink of life
Absolve me through your sufferingMake me feel serenity when all is revealed
So easy to look back in life
And the question all I want
Must seek the strength to push forward, forwardTeach me to inscribe these words
Upon my heart
You cover me with the shadow of your handI will not lose myself in everything that tears us down
Because you stand by me there's no one to blame
No one to blame but myselfTeach me to inscribe these words
Upon my heart
You cover me with the shadow of your handI will not lose myself in everything you tears me down
Because you stand there by meI want to see what's so beautiful inside
As we drink of life
Absolve me through your sufferingI will not lose myself in everything that tears us down
Because you stand by me there's no one to blame
No one to blame
