

# Shock Shock (Live At Wembley)

[Biffy Clyro](#)

Well you scratch and your scratch 'til you face comes away  
Replaced by a hole a vortex just waiting to play  
I commend your violence Well I enter a cave with my wrists sticking out  
The soles of my feet worn down to a dusty mess  
I'll stay numb to these accidents Well you talk and you talk like you're trying to shock me  
I don't even know what the fuck we're still arguing about  
Maintain my silence  
You're a shame to your dad 'cause you're killing his days  
Irresponsible life you've only yourself to blame  
Maintain your friendliness Well you talk and you talk like you're trying to shock me  
I don't even know what the fuck we're still arguing about  
Maintain my silence You're wondering why you're exhausted, exhausted from  
Using these lies  
I'm sure you'll regress again  
Maintain your silence  
I've been Crippled by shock, shocked again  
I'll continue to douse your violence  
With kisses of hate and silence  
I've been crippled by shock
