

# Nothing Can Stop Me

Gene Chandler

Nothing can stop me  
So bad, do I feel inside  
Get my hat, I'm checkin' out  
`Cause you and your friends really hurt my pride  
So unexpected you shot me down  
With all the fella's standing around yeah  
`Please don't go, that's what they'll be saying  
`Please don't go, But I'm not playing  
`Cause nothing can stop me (Yeah yeah yeah)  
(Yeah yeah yeah yeah yeah) Nothing can stop me  
Though you and I were pretty close  
I'm calling it quits girl  
`Cause it was you I really dug the most  
You made me feel like I was two feet tall  
While all the others laughed and squalled yeah  
`Please don't go, that's what they'll be saying  
`Please don't go, But I'm not playing  
`Cause nothing can stop me Don't mind me havin' the blues  
You made me lose my cool  
Fella's honestly  
You treat me so cold and you're so mean Nothing can stop me  
So bad, do I feel inside  
Get my hat, I'm checkin' out  
`Cause you and your friends really hurt my pride  
So unexpected you shot me down  
With all the fella's standing around yeah  
`Please don't go, that's what they'll be saying  
`Please don't go, But I'm not playing  
`Cause nothing can stop me (Yeah yeah yeah)  
(Yeah yeah yeah yeah yeah)  
(Yeah yeah)
