

# Back Against the Wall

PUP

Now you find out  
Yeah, your back's against the wall  
If I'm a burnout  
Might as well just burn it all I don't listen much no more  
I don't listen anymore, yeah they ask me why? Now you find out  
Yeah, your back's against the wall  
If I'm a burnout  
Might as well just burn it all I don't listen much these days  
I don't listen anyways, yeah they ask me why? Now you find out  
Yeah, your back's against the wall  
If I'm a burnout  
Might as well just burn it all  
Now in hindsight, you, know we couldn't ask for more  
In the limelight, I feel better than ever before
