

# Not Afraid

SisqÃ³

Yo I swear I been through it all  
And I pray that I never fall god protect me  
I swing by dragon chain all my dogs with me  
Just to set the record straight homey

[Chorus:]

I'm not afraid (shit) no I'm not afraid of anything  
And I swear that I'm goin' not be young forever  
Pump ya fist pump ya disc never miss  
With a track in the back that's crunk like this

In the wall I'm a place my name  
In the dark then you do the same is you with me  
Every ghetto every hood time to make it understand  
Now sing sing it

[Chorus: Repeat 2X]

And y'all don't understand what happened with my mans and them  
Yes I ride for my ride for my  
I die for my I die  
And now that they're gone I guess I'm all alone  
But I'm gonna be okay as long as the hood with me

[Chorus: Repeat 2X]
