

# Inside of Me

## Shanti

i don't need to go around the world to find the next adventure and i don't need to solve the mysteries of time to find peace of mind all i see is part of me and the greatest mystery is inside of me i don't need to climb the highest wall just to prove i can at all i don't need to cross the deep blue sea just to say "hey look at me" all i see is part of me and the greatest truth is inside of me i don't need to be anywhere but here and no one else has to care i don't need to be anyone but me and that's exactly who i'll be all i see is part of me and the greatest love is inside of me the choices we make and the oaths we take the lies we tell and the times we fell are what bring us here i don't need to regret the times that passed without them we wouldn't learn as fast just take what we have and do our best that's all anyone could ever ask all i see is part of me and the greatest peace is inside of me
