Beyond Reason

TOMBSTONE DA DEADMAN

So where does it end
heartbeats fast, your senses reeling
you just want to fight
calm yourself, you're beyond reason
go find a place
to let it all out
count from one to ten
start over againyou're out of your mind
fuses blown
you're not recieving
deny it again
damn your pride
you're beyond reasongo find a place
to let it all out
count from one to ten;
start over againseveral times
I'm tired and it tries my patience (x4)Tries my patience
