

# Beach Side

## Kings of Leon

Got an attitude  
Thinking that he's always right  
Blowin' smoke rings  
Making me wanna fight I never look back  
At all the things I've ever done  
I never look up  
Seeing that he's on the run  
Seeing that he's on the run It's a big thing  
Everything the heart desires  
And now I have to  
Try to out do the fight I caught a big break  
Went to play in the road  
I saw you laughing  
Even though you know it's old Even though you know it's old  
Even though you know it's old Even when you're on the run  
Even when you're on the run  
Even when you're on the run Even when you're on the run Even though you know it's old
