

Sunrise (Man Without Country Remix)

[Hannah Cohen](#)

Sunrises in your head
Or did you wake up in
Someones elses bedDid you, did you forget
While you were breathing down,
Breathing down her neckHow could you, how could you
How could you play alongWhen you knew, when you knew
You should leave it aloneLeave it alone, leave it alone
Leave it alone, leave it aloneAnd if tomorrow it isn't on
Well, in a couple weeks
I'll have you to my ownCould you, could you have stayed
Well, a little longer
So I could kiss your faceHow could you, how could you
How could you play alongWhen you knew, when you knew
You should leave it aloneLeave it alone, leave it alone
Leave it alone, leave it alone
Leave it alone, leave it alone
