

# Talk Talk

## George Maple

Touch of your skin, blurring my vision  
Seeing the same film again  
Closer you pull me under the table  
Sign of how this might end

But if you don't want to hold me  
Maybe I could change your mind  
Cause I'm waiting, hesitating  
And there's not a waste to leave you  
But I only ask for you  
As you move your body next to me  
There's so much more to lose

When you talk, talk  
All you wanna do is talk, talk  
All I wanted was  
All I wanted was  
All I wanted was your reckless heart

Leaning to kiss you, push me away  
Carving my name on the wall  
Words are like weapons, cut through the truth  
I won't remember anything at all

But if you don't want to hold me  
Maybe I could change your mind  
Cause I'm waiting, hesitating  
And there's not a waste to leave you  
But I only ask for you  
As you move your body next to me  
There's so much more to lose

When you talk, talk  
All you wanna do is talk, talk  
All I wanted was  
All I wanted was  
All I wanted was your reckless heart

Talk, talk  
All you wanna do is talk, talk

All I wanted was  
All I wanted was  
All I wanted was your reckless heart

But if you don't want to hold me  
Maybe I could change your mind  
'Cause I'm waiting, hesitating  
And there's not a waste to leave you  
But I only ask for you  
As you move your body next to me  
There's so much more to lose

Talk, talk  
All you wanna do is talk, talk  
All I wanted was  
All I wanted was  
All I wanted was your reckless heart
