

Heavy Whispers

Yello

Why do you cry, baby cry
Please tell me why, baby why
Why don't you fly, baby fly
Please tell me why, baby why I have to know, baby know
Why is it so, baby so
Why don't you smile, baby smile
Not in a while, baby while Please stop to cry, baby cry
Or tell me why, baby why
I need to know, baby know
Why is it so, baby so Oh oh oh oh baby please
I'll beg you down on my knees
Why don't you smile, baby smile
Not in a while, baby while Baby the truth, baby truth
Has to be smooth, baby smooth
Why don't you fly, baby fly
Please tell me why, baby why I have to know, baby know
Don't let me go, baby go
Why don't you smile, baby smile
Not in a while, baby while
