

# Dreaming In Blue (Acoustic)

## A Skylit Drive

Been counting stars that seem to never die  
An endless re-creation of this cell in my mind

I had a vision of you  
I've been dreaming in blue  
Whoa! I can't save you  
Whoa! I've been dreaming in blue again  
I can hear your voice  
I will find you there

So take me from this dream  
This nightmare I've been trapped in  
I've been walking on a wire in my own prison

I had a vision of you  
I've been dreaming in blue  
Whoa! I can't save you  
Whoa! I've been dreaming in blue again  
I can hear your voice  
I will find you there

I've been dreaming in blue  
Been trapped in my own prison  
Whoa! I can't save you  
Whoa! I've been dreaming in blue again  
I can hear your voice  
I will find you there

I've been dreaming in blue
