Undercover Lover

Three Plus

Youre standing there with your man
But I see you lookin at me
And so I gave you a little smile
Then you smile back at me
And ooh girl, how can I get you all alone
And ooh girl, I wanna take you home

Chores
Cause I wanna be your undercover lover
That no one else can discover
Your undercover lover tonight girl, tonight girl

I seen you on Wednesday night
Watchin Hoonua give that feel good vibe
Youre dancin there with your friends
Im so happy that I get to see you again
Your smile girl is making me go crazy
So please girl, please come home with me

Repeat Chores
Cause I wanna be your undercover lover
That no one else can discover
Your undercover lover tonight girl, tonight girl

At last were together again
Can we be friends with benefits
Ill call you up on your cell
If you don't tell then I wont tell
I know girl that you got a man
Well keep it on the downlow
And stick to my plan

Repeat Chores
Cause I wanna be your undercover lover
That no one else can discover
Your undercover lover tonight girl, tonight girl
