

# She Said

Brie Larson

Yeah, she said  
(She said)  
Get outta my way 'cause I'm goin' somewhere  
This is not where I wanna be  
You can say what you want  
You can tell me I'm wrong  
La dee da, la dee dee  
Get off of my back, stop sayin' that  
'Cause I'm not afraid of heights  
I may never get where I'm goin'  
Yeah, but then again I might  
You can't get inside my head  
Can't be my safety net  
I'm standing on the edge, yeah  
I know it's a long way down  
But you can't walk the wire  
For anybody else  
I might hit the ground  
But at least I'll have a story to tell  
She said, "I gotta find out for myself"  
(She said, she said, she said)  
She said, "Get outta my space"  
And rememeber this face  
'Cause it's not who I wanna be  
Oh, at the end  
Oh, the day I got something to say  
La dee da, la dee dee  
Somewhere, nowhere  
Don't care, any place but here  
Oh, if ya don't believe in magic  
Then watch me disappear  
You can't get inside my head  
Can't be my safety net  
  
I'm jumpin' off the edge, yeah  
I know it's a long way down  
But you can't walk the wire  
For anybody else  
I might hit the ground

But at least I'll have a story to tell  
She said, "I gotta find out for myself"  
(She said, she said, she said)  
She said  
La la la la la la  
La la la la la  
La la la la la la  
Oh la la la la la  
La la la la la la  
La la la la la la  
I know it's a long way down  
But you can't walk the wire  
For anybody else  
I might hit the ground  
But at least I'll have a story to tell  
She said, "I gotta find out for myself"  
I know it's a long way down  
But you can't walk the wire  
For anybody else  
I might hit the ground  
But at least I'll have a story to tell  
She said, "I gotta find out for myself"  
She said, she said  
Get outta my way 'cause I'm goin' somewhere  
This is not where I wanna be
