

# Higher

## Unspoken

[Verse 1]

I gotta try to do right when life's doing me wrong  
Gotta shake the dust off my feet and keep marchin' on  
When trouble weighs me down, brings me to my knees  
Lord, my needs are many, but that's a pretty  
Yeah a pretty good place to be[Pre-Chorus]  
Don't blame it on the preacher 'cuz the preacher done told  
"The devil's got a target on my heart and my soul"  
But let me tell you, brother, what the devil don't know  
The lower I go, the more I'm gonna lift you[Chorus]

Higher, higher, higher

I'm gonna lift you higher, higher, higher

God Almighty, you are worthy

Higher, higher, higher[Verse 2]

I may never get money, I may never have fame  
But if I'm ever in the spotlight, I'll point it back your way  
'Cuz standing at the top was never ever my goal  
But if you put me on a mountain then I'll tell the whole world  
Singing hallelujah 'til I hit the dirt, oh[Chorus]

I'm gonna lift you higher, higher, higher

I'm gonna lift you higher, higher, higher

God Almighty, you are worthy

Higher, higher, higher[Bridge]

Hallelujah, He is worthy

Hallelujah, He is good

Leave me in rags and ruins and I'll praise You through it  
Clothe me in glory and riches, I'll praise You just the same  
All that I have, all I've been given, all of my life's ambition  
Is to worship, is to honor, is to bring You praise[Chorus]

I'm gonna lift you higher, higher, higher

I'm gonna lift you higher, higher, higher

God Almighty, you are worthy

Higher, higher, higher[Ending]

God Almighty, you are worthy
