

# Sweet Jesus

## Mando Diao

Oh please Jesus won't you give me a sunnier day?  
Cause I'm lost and there's no one around  
I lost my baby in the springtime  
Now she's gone with the wind  
And I won't be glad until your light has come And I won't sleep with my own demons  
Lord I think you got it wrong  
And I'm tired of waiting for that man  
I been searching for religions  
Lord I think you got it wrong  
Come on Jesus give me all your charms Oh please Jesus won't you give me a sign on the road  
Cause I'm lost in this brilliant world  
My heart is aching for that lady but I won't find her door  
Here I'm stucked up with my country band And I won't sleep with my own demons  
Lord I think you got it wrong  
But I'm tired of waiting for that man  
I been searching for religions  
Lord I think you got it wrong  
Come on Jesus give me all your charms
