

# Hurt Before

## The Corrs

She's a girl in a world  
She's movin' as fast as she goes  
Loves her Mum and her Dad  
the only secure that she knows But at night, she's alone  
She's dreamin' of somebody new  
Her someone for to hold  
She's prayin' the dream will come true Show me the way show me, show me how?  
Help me be brave, for love  
Show me the way show me, tell me how?  
What do you say? There's a pain in her heart  
She's tryin' so hard to unwind  
Makes her cry in the night  
When visions so real make her blind Wants to break through the fear  
Erasin' the scars from within  
Start a new kind of being  
She's down and she's prayin' again Show me the way show me, show me how?  
Help me be brave, for love  
Show me the way show me, tell me how?  
What do you say? You see she's  
Turnin' the key, unlockin' the door  
(Turnin' the key)  
Embracin' the roller coaster world  
Steppin' outside, body and soul  
(Steppin' outside)  
Takin' whatever future holds  
Turnin' the key, unlockin' the door  
(Turnin' the key)  
Embracin' the roller coaster world  
Take it in stride, you're just twenty-five  
(Take it in stride)  
You know we've all been hurt before You see she's  
Turnin' the key, unlockin' the door  
(Turnin' the key, unlockin' the door)  
Embracin' the roller coaster world  
Steppin' outside, body and soul  
(Steppin' outside, body and soul)  
Takin' whatever future holds  
Turnin' the key, unlockin' the door  
(Turnin' the key, unlockin' the door)

Embracin' the roller coaster world  
Take it in stride, you're just twenty-five  
(Take it in stride)  
And you know we've all been hurt before  
We've all been hurt before So you're not alone, no  
You're not alone
