

# Once In a While

**Kasey Chambers**

If I wasn't all you wanted  
If I wasn't even close  
Only hope that I made you smile  
Maybe more than once in a while If you never felt the blessing  
If you only made it through  
I only hope that I made you smile  
Maybe more than once in a while If we sleep right through the ending  
If we slowly fade away  
I'll only wish I went that extra mile  
Maybe more than once in a while I only wish that i made you smile  
maybe more than once in a while  
maybe more than once in a while
