

# Wear My Chains

Otan Vargas

Enter this life where I'm hiding everything  
I feel so cold under the sun  
I want to leave before I'm gone  
Why can't I clean these dirty hands  
Wear my pain wear my fears  
There's nothing left that I can change  
Wear my chains  
Save me from myself  
I cannot live with all these sorrows  
I sold my soul to save myself  
I'm so afraid of my tomorrow  
Wear my pain wear my fears  
There's nothing left that I can change  
Wear my chains
