Cure for Love

[David Charvet](#)

When you're troubled, and you're lonely
When you're down on your luck
When you get so down-hearted
That you want to give upJust remember that I love you
Just remember that I care
Just because you can't see me
Doesn't mean that I'm not thereCome on, come on, come on, come on, baby
Come on, come on, come on, don't give up
Come on, come on, come on, I'll be your cure for love
I'll be your cure for loveWell, you gotta have some courage
Well, you gotta be real strong
But you know, you don't ever
You don't have to be aloneCome on, come on, come on, come on, baby
Come on, come on, come on, don't give up
Come on, come on, come on, I'll be your cure for love
I'll be your cure for loveYou gotta rise above
You know you got my loveCome on, come on, come on, come on, baby
Come on, come on, come on, don't give up
Come on, come on, come on, I'll be your cure for love
I'll be your, I'll be your, I'll be your cure for loveCome on, come on, come on, come on, baby
Come on, come on, come on, don't give up
Come on, come on, come on, I'll be your cure for love
Don't give upCome on, come on, come on, come on, baby
Don't give up
