

Aluminum Park

My Morning Jacket

You would care if you wanna
You would care if you don't
C'mon it's a big, big world now
You gotta get what you wantGot no lack of frustration
Got no lack of disease
C'mon, it's a big, big world now
You gotta like what you see and afterWell, you can ride, ride, ride on down
To the Aluminum Park
Well, you can ride, ride, ride on down
With your head in the darkWell, it's a little bit important to me
You get a whole lot of what you need
So you can ride, ride, ride, on down
To the Aluminum Park, rideYou would care if you wanna
You would care if you don't
C'mon, it's a big, big world now
You gotta get what you wantGot no lack of frustration
Got no lack of disease
Well, c'mon, it's a big, big world now
You gotta like what you see and afterWell, you can ride, ride, ride on down
To the Aluminum Park
Well, you can ride, ride, ride on down
With your head in the darkWell, it's a little bit important to me
You get a whole lot of what you need
So you can ride, ride, ride, on down
To the Aluminum ParkAnd you can ride, ride, ride, on down
To the Aluminum Park
Well, you can ride on down
