Body Heat

Body Heat

Can you feel it? Can you feel it?
Can you feel it? Don't you? Don't you feel it?
Can you feel it? Can't you feel it?Give me your hand, I'll give you mine
Fire and water mixed up in one sign
My temperature's rising and it's not surprising
When you're close to me, baby so tantalizingI can't help myself, I get so excited
Why do I act in this fashion?
Why can't I control my passion
Start to freak outSome call it soul fire, I call it hearts desire
Come on baby, gonna take you higher
I'm gonna give you the warmth
Guaranteed to inspireWhen we meet, feel the heat
Ain't it sweet, feel that body heat
When we meet, feel the heat
Ain't it sweet, feel that body heatWhen we meet, feel the heat
Ain't it sweet, feel that body heat
When we meet, feel the heat
Ain't it sweet, feel that body heatI feel your body heat, I feel your body heat, your body heat
I feel your body heat, your body heat, your body heat
I feel your body heat, your body heat, your body heat
I feel your body heat, your body heat, your body heatGive me your hand, I'll give you mine
Fire and water mixed up in one signOh, I like it, I like it a lot
Come on baby, give it all you got
I'm getting warm, but wait till I get hot
I'm a genie non-fiction
Rub me till you feel my frictionSome call it soul fire, I call it hearts desire
Come on baby, gonna take you higher
I'm gonna give you the warmth
Guaranteed to inspireWhen we meet, feel the heat
Ain't it sweet, feel that body heat
I feel your body heat, I feel your body heat
I feel your body heatWhen we meet, feel the heat
Ain't it sweet, feel that body heat
I feel your body heat, I feel your body heat
I feel your body heatWhen we meet, feel the heat
Ain't it sweet, feel that body heat
I feel your body heat, I feel your body heat
I feel your body heatCan you feel it, oh?
