

Rain All Night

The Rarely Herd

Rain All Night -Jeff Weaver Rarely Herd Music

Its gonna Rain All Night, like a river from my eyes
It's gonna Rain All Night feel the water start to rise

You cast me out, reel me back again, just enough to keep me alive
If you would only tow the line, then the river would dry
but it's gonna Rain All Night

I've been staring at the sky since midnight
stars I can see from a window voew
and the night, may be cold dark and lonely
not a cloud in sight and the moon is bright
but I know what it's gonna do

Its gonna Rain All Night, like a river from my eyes
It's gonna Rain All Night feel the water start to rise

You cast me out, reel me back again, just enough to keep me alive
If you would only tow the line, then the river would dry
but it's gonna Rain All Night
