Automatic

Iration

This is that full-out, souped up, automatic, just can't quit let the bass hit right on time
Running hard 'til the end put you in a panic automaticI know that life is just a test
and I'm trying my best to give it nothing less and
I know I do it all for you when
I see you staring back with a love that's true
Sometimes I don't know how to feel
I try to soak it in
It's all so surreal and
I'm just a man with a guitar, words in my mind, a song in my heartI wanna give it back to you
I know that you can feel it tooThis is that full-out, souped up, automatic, just can't quit let the bass hit right on time
Running hard 'til the end put you in a panic automatic smile knowing you'll be mine
Full-out, souped up, automatic, can't quit let the bass hit right on time
Running hard 'til the end put you in a panic automaticWe're gone traveling so far
Take us in your car
Bump it in the yard
We grow and bring it back to you
Never losing touch with what we've been through
Sometimes we get pulled away
Know that we'll be back
Sorry for the delay
We are all about the luv
You give us the life that we all dreamed ofAnd we wanna give it back to you
I know that you can feel it too[Chorus]The time has come
The lights are on high
I wanna know I never thought life was passing us by
And the only certainty is that it's you and me tonight
And we're gonna give it all til the curtain call
We're gonna make it alright
