Goodbye

Jessica Lowndes

I don't want to think,
Don't want to see your face,
You're haunting my dreams,
Every breath that I take,
I've tried letting go,
But you keep reaching out,
I've fallen so hard,
Some things you can't erase,
And now I'm here without you,
I've got to live without you,
Now that you're gone,
I've got to carry on,
I can't look back,
The best part of me broke,
When we said goodbye,
You used to say,
That we were cut just the same,
Two lost souls,
Wandering round 'til that day,
I don't have regrets,
At least I've tried not to
I wanna forget,

At least I've tried hard to,
And now I'm here without you,
I've got to live without you,
Now that you've gone,
I've got to carry on,
I can't look back,
The best part of me,
Broke when we said goodbye,
I've tried so hard,
I've washed away those tears,
I've broken free,
I've brushed aside my fears,
I've closed the door,
And I'm happier this way,
You'll always be the day I fell in love,
I've got to live without you,

Now that you've gone,
I've got to carry on,
I can't look back,
The best part of me,
Broke when we said goodbye,
And I'm here to say goodbye...
