

Nowhere

Aqualung

So, is it over
Time, would've told you
Piece by piece
'Til the stillness, echoing No-one, nothing
Nothing, no-one
Could make me feel
The way I'm feeling, no-one Hands, let me hold you
Eyes, let me see your face
Smile again as the world
Goes tumbling There is, nowhere
I would rather spend
These lazy crazy days
Than here, nowhere
