Labyrinth

Toro y Moi

You really wanna be with her
You wanted someone who was different
You run across the city with her
You end up in a labyrinthAgain what kept you up too late?
You lay down and then I say
I don't even know, but I've got to go
This apocalypse is never ending
Start to suck in life and keep moving
A shake in your voice is all I hear
When you tell me you can't decide
Who's gonna wipe away those tears
If you come out alive
You say there's a missing piece
Or are you searching for both of us
Did you want me to kiss and leave?
I can do this without a shove
