Never Enough

8mm

So here we are
I've seen this place before
You look at me as though I'm incomplete
How could I offer more?

And how, how could I...
And how, how could I...
And how, how could I...
How could I?

You look like worry,
You say I taste like doubt
There's no stopping it now
'Cause all I have is all you don't believe

All I have, is all that you don't need
And how, how could I...
And how, how could I...
And how, how could I...
How could I?

It's filling you
It's killing me
It's filling you
It's killing me

And how, how could I...
How, how could I...
How, how could I...
How, how could I...

Ever be enough for you
Ever be enough for you
Ever be enough for you
It's never enough for you

Ever be enough for you
Ever be enough for you
It's never enough for you

I'll never be enough for you

It's never enough for you
It's never enough for you
It's never enough for you
It's never enough for you
It's never enough for you
It's never enough for you
It's never enough for you
It's never enough for you
It's never enough for you
