

Can't Stop The Rock

Sister Vanilla

Verse 1

I'm hearin' people talkin'
Sayin' things that just ain't true
Thinkin' that they know what we've been through

Verse 2
They say that we've been walkin'
Away from what we started to do

Bridge
But we still want our message to get through

We're soldiers under command
Gonna sing it loud and clear
He's the rock that makes me roll
Turn it up, we want you to hear

Chorus
Can't stop the rock

Verse 3
Can't stop the rock

Playin' in this rock band

Tryin' to make a stand

Verse 4
Hasn't been an easy thing to do

Travelin' 'cross this land

Tryin' to make people understand

Bridge
We've got the right to rock 'em how we choose

Repeat Chorus
