

# Tin Horns

## Ashes You Leave

The twelve raise their tin horns  
    Into the wake of dawn  
But as the tides rise they realize  
    The march has long gone home  
    And the lonely melody tunes again  
To the consonance of the wind  
As we die, the sun and earth do shine,  
    Will the stars remain if you and I  
    Leave earth like leaves on wind?  
Like waves in the brine  
Tin horns make us sleep  
    We never wanted to stay  
We never wanted to...  
Like a wreck of time  
    An abandoned ship  
    Beneath us splits the void  
    But we never look back
