War Song

The Fugs

Oh my God
Tell me this won't last forever
Tell me that I'm not alone
Tell me this will come together nowPacked my things up just the other day
Said my goodbyes to all these things I've sayed
Out in the driveway we laugh under the moon
Among my friends for now but I'll be leavin' soonMany days from now I'm sure
I'll be back among your graces
And with you I won't pretend
No not at all, OhCrack the morning, up and running quick
No sleep again last night
That's the way it is
Out in the open under broken skies
I feel every foot step I see everybody's eyesOh and this is summer, in another world
Far from the driveway and my baby girl
Soon come the winter and with it quiet nights
And darker days and darker fightsMany days from now I'm sure
I'll be back among your faces
And with you I won't pretend
No not at allOh, the theater is burnin over at midnight
But never like this
Hot under the fire, the stars are a fallin
But never like this
No, I hope you never see thisWait, wait for my love
Don't forget me never let me go
If you wait, wait for my love
I'll remember never let you goUntil I'm fine, fine, fine
Until I'm fine, fine, fineTo be back in my room
I have the same dream every night
Just me, among my things
No one else is there, there's no one left to fight, just meAmong my things
Many nights from now I know
I'll be back among your graces
Until then I'll just pretend
That I'm not coldOh my god, tell me this won't last forever
And tell me that I'm not alone
Tell me this will come together
Oh my God you knowWait, wait for my love
Don't forget me never let me down

And just wait, wait for my love
I'll remember every one of youAnd just wait, wait for my love
Wait, wait for my love
Wait for my loveUntil I'm fine, fine, fine
Until I'm fine, fine, fine
I'll be fine, fine, fine
I'll be fine, fine, fine
