

Brandon Lee

The 69 Eyes

What would there be as the river of sadness turns into sea
Could there be another thousand stories like you and me
Wanted a heart, wanted a soul
More than anything else in this world
But we are doomed our flesh in wounds
I would never give in Just like the moon does
We rise'n'shine'n'fall
Over you that I rise'n'shine'n'crawl
Victims aren't we all What would there be beyond the eyes of Brandon Lee
Could there be a revenging angel left to bleed
Wanted the truth, wanted the faith
More than anything else in this world
But we are doomed body and soul marooned
I would never give in Just like the moon does
We rise'n'shine'n'fall
Over you that I rise'n'shine'n'crawl
Victims aren't we all
