

Stick To Your Guns!

Liblikas

Take a hit, add a beat
Starving geek bareboned
Clever fuckers down, always going down
Take a hit, add a beat
Geek left with bones
Down, down, down, down Sever ties to become
Shelved produce of scum
Clever fuckers stick to their guns
Stay true, chase the sun Overdoser
Con-poser
Overdoser
Con-poser Never care for their voice
Lose face, forfeit choice
Clever fuckers stick to their guns
Stay true, chase the sun
