

Losing your Memory

[Ryan Star](#)

Call all your friends
Tell them I'm never coming back
'Cause this is the end
Pretend that you want it, don't reactThe damage is done
The police are coming too slow now
I would have died
I would have loved you all my lifeYou're losing your memory now
You're losing your memory now
You're losing your memory now
You're losing your memory nowWhere have you gone?
The beach is so cold in winter here
And where have I gone?
I wake in Montauk with you nearRemember the day
'Cause this is what dreams should always be
I just want to stay
I just want to keep this dream in meYou're losing your memory now
You're losing your memory now
You're losing your memory now
You're losing your memoryWake up, it's time, little girl, wake up
All the best of what we've done is yet to come
Wake up, it's time, little girl, wake up
Just remember who I am in the morningYou're losing your memory now
You're losing your memory now
You're losing your memory now
You're losing your memoryYou're losing your memory now
You're losing your memory now
You're losing your memory now
You're losing your memory
