

I Need You

[Amanda Perez](#)

Every night that I'm with you
I can see each day, that our love is true
From all the long fights in the middle of the night
To all the hard work to try to make it tight
You're the one, I want for the rest of my life I need you by my side babe
I need you in my life babe
I need you here babe, you're so sincere babe
I can never give you less babe
Good lovin', from the best babe I love you boy, you're all I need
Want to give you all of me
You fill my heart with all your soul
I don't need to look for love no more
You fill my dreams
You always make good love to me, to me I need you by my side babe
I need you in my life babe
I need you here babe, you're so sincere babe
I can never give you less babe
Good lovin', from the best babe Up down move your body around
Don't stop 'cause I'm feeling you now
Push, pull I love what you do
Believing you boy I'm no fool
You give me nothing, but love and respect
Especially when we're soaking wet, baby I need you by my side babe
I need you in my life babe
I need you here babe, you're so sincere babe
I can never give you less babe
Good lovin', from the best babe I need you by my side babe
I need you in my life babe
I need you here babe, you're so sincere babe
I can never give you less babe
Good lovin', from the best babe
I need you by my side babe
