## Ministry

I got your picture  
You gave your soul to me  
You're my addiction  
I'm sure you'd have to agree  
Idolized by zeros I know all of your faces  
I've even watched you sleep  
You're my obsession  
Your life is mine to keep  
Idolized by zeros I got all of your letters  
Told me to stay away  
You know me better  
I'll pay a visit today  
Idolized idolized idolized by zeros  
Idolized idolized idolized by zeros
