

Charades (Demo)

Depswa

You think I'm so easy
And you think I'm so naive
Well, you better think a little harder
'Cause you're not the first I've ever seen And what you think ain't so bad
If you use it for what you want to see
What I want ain't so bad
It's a part of what we are and what we need And you think I, I didn't notice
What surrounds you and swallows you so whole
Not for a second or a minute I realized there's a reason
That I ever should have stopped it from taking you
Let it all swallow you And what you think ain't so bad
If you use it for what you want to see
What I want ain't so bad
It's a part of what we are and what we need Don't be afraid
'Cause I'm only here to share with you my world
We could swim in the ocean or we could sit up on the sands
And dream of the way that we could be And what you think ain't so bad
If you use it for what you want to see
What I want ain't so bad
It's a part of what we are and what we need So, so what should we do now?
So, so, so what should we do now?
