

Finally

M.I.A.

[M.I.A]

What haters say about me don't worry me
I keep it moving forward to what's ahead of me
You're gonna see
I'm not gonna waste energy! Cause I'm free and I'm a freak
Got the people I love to turn the key
[?]
And we're never gonna stay asleep
Finally
What haters say about me don't worry me
I keep it moving forward to what's ahead of me
You're gonna see, I'm gonna be
And you're gonna remember me Underneath my treble
I can find me the treble-er
And underneath my case
I can find me the bass
We got truth, we get through, and that's how is gonna be
Cause I'm free, I'm a freak
I can see what's real and what's fantasy
What you believe, you gotta see
Life on the planet's university
Underneath my treble
I can find me the treble-er
And underneath my case
I can find me the bass
We got truth, we get through, and that's how is gonna be
Finally Cause I'm free and I'm a freak
Got the people I love to turn the key
[?]
And we're never gonna stay asleep
Finally
What haters say about me don't worry me
I keep it moving forward to what's ahead of me
You're gonna see, I'm gonna be
And you're gonna remember me There is nothing in this life that's guaranteed
That's why we get high on reality
Memories, families, work and money and stay happy
Finally
Life on the planet's university

You get stronger university
When you meet it's easier
Life's just a bittersweet symphony 'Cause I'm free and I'm a freak
Got the people I love to turn the key
[?]
And we're never gonna stay asleep
Finally
What haters say about me don't worry me
I keep it moving forward to what's ahead of me
You're gonna see, I'm gonna be
And you're gonna remember me...
