

# My Vision

DJ KC

I feel like the sun,  
I feel like the rain  
I feel like I just found reason for living again  
Cause what I've been dreaming,  
I know that it's real  
I know there's just no changing the way I feel  
You're into my head  
I'm out of my mind  
I feel like I've just found reason for being alive  
And I have a secret  
I think you should know  
I feel like I just can't keep it  
It's deep within me  
And I feel like I'm losing control  
Can you see my vision  
Of a red hot summer in wine?  
When love was the feeling  
With no indecision  
We were turning that key inside  
To get in the moment  
We live in a dream,  
I see you today  
I feel like all my fears are fading away  
Been waiting so long for something new  
I feel like a constant craving for being with you  
And I have a secret I think you should know  
I feel like I just can't keep it  
It's deep within me  
And I know that I'm losing control  
Can you see my vision  
Of a red hot summer in wine?  
When love was the feeling  
With no indecision  
We were turning that key inside  
To get in the moment  
Can you see my vision  
Of a red hot summer in wine?  
When love was the feeling

When love was the feeling  
When love was the feeling  
When love was the feeling  
    I have a secret,  
    I think you should know  
I feel like I just can't keep it  
    It's deep within me  
    And it's deep within me  
    And it's deep within me  
    And it's deep within me  
    And it's deep within me  
    And it's deep within me  
    And it's deep within me  
    And it's deep within me  
    And it's deep within me  
And I feel like I'm losing control  
    Can you see my vision  
Of a red hot summer in wine?  
    When love was the feeling  
    With no indecision  
We were turning that key inside  
    To get in the moment  
    Can you see my vision  
Of a red hot summer in wine?  
    When love was the feeling  
    When love was the feeling  
    When love was the feeling  
    When love was the feeling.
